NOTES

- Residents will fulfill their Neurology, Occupational Medicine, Spinal Cord Injury, Rheumatology, and Wound Management and Limb Salvage education/experiences during inpatient and outpatient rotations/clinics throughout training, including elective rotations.
- Residents will fulfill their Geriatric Rehabilitation education/experiences during rotations at Texas Rehabilitation Hospital of Fort Worth, Texas Rehabilitation Hospital of Arlington, Stoll Neurodiagnostics, and the Centre for Neuro Skills - Dallas.
- General Orthopaedics (ORTHO) rotations may also include outpatient experiences under the supervision of attending physicians in orthopaedic surgery.
- OB/GYN and FM experiences will occur during the following rotations: IM, EM, WOC/DIG HEALTH, SURG TRAUMA/INTENSIVE CARE.
- Per ACGME requirements, CON rotations do not count as inpatient or outpatient time
- Per ACGME requirements, blocks that are purely research are labeled as such and are not associated with a participating site. Thus, research rotations are not counted in the number of rotation months per PGY level.
- Per ACGME requirements, blocks that are electives are labeled as such and are not associated with a participating site. Thus, elective rotations are not counted in the number of rotation months per PGY level.
- Osteopathic Recognition: R - Osteopathic experiences during clinical rotation; D - Osteopathic experiences during didactic sessions; C - Osteopathic experiences during specialty rotations

VACATION

Residents are given four weeks of vacation per academic year. Vacation should not be more than 2 weeks at a time. Vacation will not be considered during Pediatric Rehabilitation, Electromyography, or Consultation Service rotations.
